

Understanding Your Prescription Benefit Program

Providing you with the tools and resources to help you make better drug therapy decisions

Your Prescription Benefit Plan through Magellan Rx Management

Magellan Rx Management is your pharmacy benefit manager. Magellan Rx is dedicated to giving you the best service and resources to help you and your family make better healthcare decisions to lead more healthy, vibrant lives.

Using Your Prescription Drug Card at Retail Pharmacies

You will receive a prescription card from your employer. Please present your new prescription card along with your prescription to any of our 68,000+ retail pharmacies every time you fill your prescription. You can access a participating pharmacy list at www.magellanrx.com.

Home Delivery by Magellan Rx Pharmacy

With home delivery, you may be able to receive up to a 90-day supply of your maintenance medication(s) at a lower price. Just ask your doctor to write two prescriptions: one for a 30-day supply to get you started (to be filled at your local pharmacy), and one for a 90-day supply, plus additional refills (to be filled by mail). Next, you may either:

- Ask your doctor to **e-prescribe** or **fax** your prescription to 1.888.282.1349.
 - Faxed prescriptions may only be sent by a doctor's office and must include patient information and diagnosis.
 - Please note: For prompt delivery, please provide your payment information by mailing in your completed order form or by calling 1.800.424.0472.
- **Mail** us your 90-day prescription and completed order form (available online) with payment to Magellan Rx Pharmacy, P.O. Box 620968, Orlando, FL 32862.

Prior Authorization/Step Therapy

Your prescription benefit program may have a prior authorization or step therapy process for certain medications. Please see the formulary lookup tool at www.magellanrx.com for more information.

- **Prior authorization** is a requirement that your physician obtain approval from your health plan to prescribe a specific medication for you.
- **Step therapy** is when your prescription benefit requires you to try another medication prior to starting the medication your physician prescribed.

Now available on Apple and Google:
The Magellan Rx Mobile App

Download the Magellan Rx app today and get access to:
