**Breast & Cervical Project** - <https://odh.ohio.gov/know-our-programs/breast-cervical-cancer-project/welcome-to> - The Ohio Department of Health Breast and Cervical Cancer Project (BCCP) can help all women navigate cancer screenings. BCCP's Patient Navigation Program helps guide women through the healthcare system, find providers and community resources, and answer questions about scheduling appointments, using insurance, and more.

The Ohio BCCP program also offers no-cost breast and cervical cancer screenings and diagnostic testing to qualified participants. This is one of the programs offered by the Patient Navigation Program.

**\*Use the BCCP program for patients that do not have insurance for mammograms and pap smears (qualifying guidelines/forms on their website)**
